

A Best Choice Mobile Gifted Knights of Columbus 2000th Ultrasound Machine

Press Release: *For immediate release, August 27th, 2025*

A Best Choice Mobile Ultrasound & Pregnancy Resource Center (ABC) was presented with a state-of-the-art mobile ultrasound machine by the Knights of Columbus (KofC) at the 2025 Knights of Columbus Supreme Convention. The machine represents the 2000th ultrasound gifted by KofC as part of the organization's Ultrasound Initiative.

ABC Director, Angela Clark, noted that "when women in an unplanned pregnancy see the ultrasound image of their baby and hear the heartbeat, there is an immediate connection between mother and child. Some women cry, while others smile, and some are shocked and amazed."

The \$35,000 ultrasound machine was a collaborate effort between the Knights of St. Timothy Council #7369 in Chantilly VA, and the Knights Supreme Council National organization, with each donating approximately 50 percent of the cost.

Clark says, "Saving a baby's life is a comprehensive effort of 'saving the mom to save the baby.' We council women with unplanned pregnancies with emotional counselling and financial support. We are the DC, Maryland, and Virginia area's lifeline. We are the first point of contact for women who are faced with starting or growing a family. That is why the donation of an ultrasound machine is critical to educating women who find themselves confronted with a challenging choice."

Since 2019, ABC has counselled more than 1,500 women, provided 1,250 ultrasound scans, and resulted more than 223 women choosing their baby's life.

ABC offers a free ultrasound to any woman who is facing an unplanned pregnancy along with financial support on a case-by-case basis."
