

A BEST CHOICE MOBILE ULTRASOUND & PREGNANCY RESOURCE CENTER SUMMER 2024 NEWSLETTER

Thanks to your generous support, “A Best Choice Mobile Ultrasound & Pregnancy Resource Center” (ABC) has accomplished the following over the last 10 months:

- Counseled 232 women
- Administered 199 ultrasounds
- Helped to save 38 beautiful babies

Because of your prayers and financial help, 38 abortion-minded women have chosen life for their babies over the last 10 months!

Some of Our Recent Miracles....

Below are a few stories of the women ABC Mobile Ultrasoundthrough your generosity and prayers...have helped to save (Names have been changed for confidentiality)

SHANNON: Shannon came to us last October, unsure of whether or not she would continue her pregnancy. She is a single mom to a 7, 8 and 12 year-old and seeks to work from home, taking a course in foreign exchange trading. Before that time she worked for Uber, Doordash and Instacart. She has no family in the area and the father of the baby was pressuring her to have an abortion. She told us that she was in an abusive relationship and that she had been in and out of court with the father of her baby. As she was emotionally and financially struggling, we offered her assistance with part of her rent. Through her faith and connection with her baby on ultrasound, she decided to keep her baby! She shares “Majesty is helping my own heart heal, I feel like he has a greater purpose here and I’m happy he picked me to be his Mom. I hope other women who are in similar situations make the decision to keep their babies and allow them to fulfill their purpose here on earth.” **Baby Majesty was born June 6th!**

BETSY: Betsy came to us 8 weeks pregnant. Her living situation was not stable and her husband was incarcerated. She was on Nexplanon, a form of artificial birth control and became pregnant. She has a 1 year old girl and didn’t feel that she could take care of another baby. After listening to her concerns, the ABC Team shared with her the miracle of life of her unborn baby via ultrasound and she started crying. She left deciding to keep her baby! **Baby Leo was born May 28th!**

JAIME: Jamie is a fourteen year old who came to us very nervous. She had told no one that she was expecting and was unsure what her decision would be. However, upon seeing her baby on ultrasound, she was smiling and fascinated by her baby who was actively jumping around. We explained to her how dangerous an abortion would be for her and that the healthiest option, physically and mentally, would be to have her baby. She said that she would like to consider adoption, however after courageously sharing the news with her mother, she has decided to keep her baby! **Baby is anticipated soon!**

PLEASE HELP NOW!

Of the many rewards that come from operating a mobile ultrasound clinic, none are greater than the birth of a baby to a woman who chooses life. This joyous outcome would never have been possible without your prayers and financial support. Many moms and babies owe their very existence to you and are now resting safely at home thanks to the outpouring of donations and help to you!

ABC's mission continues even after we help a woman choose life. **We offer moral support for her life-affirming decision and financial support for rent, utilities, and transportation, along with referrals for pre-natal care and housing.**

In order to provide our services, our mission requires a steady flow of funds. **I am writing to you today to ask for your support with our pro-life mobile ultrasound ministry.**

Our current need is for operating funds to ensure we are on the road giving free ultrasounds to mothers in unplanned pregnancies, offering counseling and financial assistance, including help with rent, gift cards, for food, diapers, formula, and baby clothes. Other needs are fuel, RV expenses, operational expenses, and wages for our dedicated support and medical staff.

Your prayers: Please offer prayers asking God to bless our work and to inspire the women we see to choose life for their children.

We request your immediate help to continue our lifesaving mission! We hope to raise \$215,000 for our yearly budget.
